From the funds provided in Specific Appropriations 11, 13, 151, and 153 each university may shift enrollment by level in a manner which is revenue neutral; however, no university, with the exception of New College of Florida, shall increase the number of lower level FTEs. For planning and enrollment shifting purposes, the University of South Florida may combine lower, upper, and graduate FTE identified in Specific Appropriations 151 and 153.

The Chancellor of the Board of Governors shall submit a revised 5-year state university enrollment plan by lower, upper, graduate I and graduate II levels, by university and by residency status, to the Florida Board of Governors by September 1, 2008. This revised 5-year enrollment plan must be developed with input from each state university.

The enrollment policy adopted by the Legislature does not limit the number of students admitted from out-of-state under the profile admissions policy; however, no state university may receive general revenue funding associated with the enrollment of out-of-state students admitted under this policy. For the purposes of implementing this policy, the Chancellor shall segregate these FTEs and not count them toward the 2008-2009 enrollment plan for the State University System.

Funds provided in Specific Appropriation 151 for the University of Florida include no more than that amount which the State Board of Education and the City of Gainesville agree represents the cost of service for water provided by the city to the University of Florida. The amount charged shall reflect a cost-based rate only and shall be determined through a cost of service study completed annually by the city and reviewed by the university. The costs of any General Fund transfer to the City of Gainesville from Gainesville Regional Utilities or any profit to the city or utility shall be specifically excluded as costs allocable to the university. The cost-based rate shall include charges for only those water services actually provided by the city to the university and shall not include charges for services furnished by the university.

Each university board of trustees is given flexibility to make necessary adjustments to its operating budget. If any board reduces individual programs or projects within the university by more than 10 percent, written notification shall be made to the Executive Office of the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Board of Governors.

Payments to qualified hospitals will be capped at 117.3 percent of the amount of local government funding it would have received for the uninsured and underinsured without the low income pool program. The second phase of the allocation process is to distribute the remaining funds based on a hospital's Medicaid days, charity care days, and fifty percent of bad debt days to the total Medicaid days, charity care days, and fifty percent of bad debt days of all qualifying hospitals. To receive funds in this distribution, the hospital's Medicaid days, charity care days and fifty percent of bad debt days divided by the hospital's total days must equal or exceed ten percent. Of the funds allocated in the second phase \$2,419,573 shall be allocated to the rural hospitals and the remaining funds allocated to the remaining hospitals that qualify for a distribution. All hospitals with accepted 2006 FHURS data are eligible for the second phase of the allocation process.

From the funds in Specific Appropriation 208, \$685,294 from the Grants and Donations Trust Fund and \$851,240 from the Medical Care Trust Fund are for Medicaid low-income pool payments to specialty pediatric facilities. To qualify for a Medicaid low-income pool payment under this section, a hospital must be licensed as a children's specialty hospital and its combined Medicaid managed care and fee-for-service days as a percentage to total inpatient days must equal or exceed 30 percent. The agency shall use the 2003 Financial Hospital Uniform Reporting System (FHURS) data to determine the combined Medicaid managed care and fee-for-service days. The total Medicaid low-income pool payments made shall be distributed equally to the qualifying hospitals.

From the funds in Specific Appropriation 208, \$33,940,442 from the Grants and Donations Trust Fund and \$42,159,204 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments to hospitals that serve as a safety net in providing emergency, specialized pediatric trauma services and inpatient hospital care to low-income individuals. These amounts shall be paid to the following:

SECTION 3 - HUMAN SERVICES

Trust Fund are provided to make Medicaid low-income pool payments to Federally Qualified Health Centers. These payments may be used, in collaboration with the Department of Health, to provide funding for Federally Qualified Health Centers supporting primary care services in medically underserved areas.

From the funds in Specific Appropriation 208, \$2,921,719 from the Grants and Donations Trust Fund and \$3,629,220 from the Medical Care Trust Fund are provided for county health initiatives emphasizing the expansion of primary care services, and rural health networks. The Department of Health will develop the funding criteria processes which include assessing statewide benefits, sustainability, access to primary care improvements, ER diversion potential, and health care innovations which are replicable and with a three year limit on LIP funding. The total low-income pool payments provided in this proviso are contingent on the state share being provided through grants and donations from state, county or other governmental funds.

From the funds in Specific Appropriation 208, \$1,415,071 from the Grants and Donations Trust Fund and \$1,757,734 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments to hospitals. These payments shall be used, in collaboration with the Department of Health to provide funding for hospitals providing poison control programs.

The agency may make low-income pool Medicaid payments to hospitals in an accelerated manner that is more frequent than on a quarterly basis, subject to the availability of state, local and federal funds.

The agency is authorized to transfer a hospital's low-income pool payments between the various low-income programs listed in this specific appropriation if it is required to obtain approval of the low-income pool payment methodology from the Centers for Medicare and Medicaid Services. Any transfer of funds, however, is contingent on the hospital's net low-income pool payments under the low-income pool plan remaining unchanged.

In the event that the amount of approved non-federal share of matching funds is not provided by local governmental entities as recommended by the Low Income Pool Council, the agency may re-allocate low-income pool funds between programs described within this specific appropriation as necessary to ensure sufficient non-federal matching funds. No re-allocation, under this provision, of low-income pool funds may occur if the level of program increase for any provider access system exceeds the amount of the additional increases in the local non-federal share match that their local governments transfer to the state Medicaid program, and for which the provider access system would have otherwise received. For the purpose of this paragraph, the increase in low-income pool payments for the provider access system and the increase in non-federal share matching funds shall be calculated as the amount that exceeds the levels used in the Low Income Pool Council's recommendations.

Funds provided in Specific Appropriation 208 are contingent upon the non-federal share being provided through grants and donations from state, county or other governmental funds. In the event the non-federal share provided through grants and donations is not available to fund the Medicaid low-income payments for eligible Medicaid providers, known as provider access systems, the agency shall submit a revised low-income pool plan to the Legislative Budget Commission for approval.

Distribution of such funds provided in Specific Appropriation 208 are contingent upon approval from the Centers for Medicare and Medicaid Services (CMS). In the event the CMS does not substantially approve the low-income pool distribution methodology, the agency shall coordinate with the Medicaid Low-Income Pool Council and may submit a revised low-income pool plan to the Legislative Budget Commission for approval.

SECTION 3 - HUMAN SERVICES

Freestanding dialysis facilities may obtain, administer and submit claims directly to the Medicaid program for End-Stage Renal Disease pharmaceuticals subject to coverage and limitations policy. All pharmaceutical claims for this purpose must include National Drug Codes (NDC) to permit the invoicing for federal and/or state supplemental rebates from manufacturers. Claims for drug products that do not include National Drug Code information are not payable by Florida Medicaid unless the drug product exempt from federal rebate requirements.

Funds in Specific Appropriation 209 reflect a reduction of \$865,130 from the General Revenue Fund, \$1,077,236 from the Medical Care Trst fund, and \$3,644 from the Refugee Assistance Trust Fund as a result of decreasing the payment to Medicaid freestanding dialysis clinics in the Medicaid program from \$125 to \$95 per visit for each dialysis treatment.

The agency shall use the average of the 2002, 2003 and 2004 audited DSH data available as of March 1, 2008. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2002, 2003 and 2004 that are available. For those hospitals qualifying using audited DSH data received between January 30, 2008 and March 1, 2008 and who were excluded from the LIP Council recommendations may be exempt from the outpatient ceilings contingent on the non-federal share being provided through grants and donations from state, county or other governmental funds.

From the funds in Specific Appropriation 211, \$6,596,153 from the Grants and Donations Trust Fund and \$8,213,350 from the Medical Care Trust Fund are provided to eliminate the outpatient reimbursement ceilings for hospitals whose Medicaid days, as a percentage of total hospital days, exceed 7.3 percent, and are designated or provisional trauma centers. This provision shall apply to all hospitals that are designated or provisional trauma centers on July 1, 2008 or become a designated or provisional trauma center during State Fiscal Year 2008-2009. The agency shall use the average of the 2002, 2003 and 2004 audited DSH data available as of March 1, 2008. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2002, 2003 and 2004 that are available.

Funds provided for the elimination of hospital outpatient ceilings in Specific Appropriation 211 are contingent upon the state share being provided through grants and donations from state, county or other governmental funds. The agency shall submit a revised hospital outpatient reimbursement plan to the Legislative Budget Commission for approval if the state share is not available to fund the removal of hospital outpatient ceilings or if the Centers for Medicare and Medicaid Services does not approve amendments to the Medicaid Hospital Outpatient Reimbursement Plan to eliminate the reimbursement ceilings for certain hospitals.

From the funds in Specific Appropriation 211, \$6,681,000 from the Grants and Donations Trust Fund and \$8,319,000 from the Medical Care Trust Fund are appropriated so that the agency may amend its current facility fees and physician services to allow for payments to public hospitals for the cost of providing health care services to Medicaid recipients, when the public hospital assumed the fiscal and operating responsibilities for one or more primary care centers previously operated by the Florida Department of Health or the local county government. Any payments made to public hospitals because of this change shall be contingent on the state share being provided through grants and donations from counties, local governments, or taxing districts.

From the funds in Specific Appropriation 211, \$287,146 from the Grants and Donations Trust Fund and \$356,679 from the Medical Care Trust Fund are provided to exempt rural hospitals from the outpatient county ceilings and are contingent on the state share being provided through grants and donations from counties, local governments, or taxing districts.

Funds in Specific Appropriation 211 reflect a reduction of \$13,313,012 from the General Revenue Fund, \$16,577,001 from the Medical Care Trust Fund, and \$60,883 from the Refugee Assistance Trust Fund as a result of implementing a reduction in outpatient hospital reimbursement rates. Effective July 1, 2008, the agency shall calculate a statewide weighted average rate based on the reduced rates and shall develop a methodology that will not allow the statewide weighted average rate of subsequent rate semesters to exceed the statewide weighted average developed based on the reduced rates. The agency is authorized to amend the Medicaid state plan or seek the necessary federal waivers to achieve this reduction.

From the funds provided in Specific Appropriations 721M, 721Z, and 721AK, a total of \$1,074,362 is provided as payment in lieu of ad valorem taxation for distribution to local government taxing authorities in accordance with section 957.04(8), Florida Statutes. Funding is provided as follows: \$269,324 for the Bay Correctional Facility, \$339,242 for the Moore Haven Correctional Facility, \$275,560 for the South Bay Correctional Facility, \$100,000 for the Gadsden Correctional Facility and \$90,236 for the Lake City Correctional Facility. Distribution of these funds is contingent upon (1) the withdrawal of any outstanding claims or (2) the county commission of the county where the correctional facility is located stipulating by resolution and memorandum of understanding with the state that by the county commission's acceptance of payment in lieu of ad valorem taxation, the county commission waives any ad valorem tax claim for Fiscal Year 2008-2009 for the related facility, whichever is applicable. Distribution of these funds for each facility is further contingent upon the county commission canceling any outstanding tax certificate and quieting title to any tax deed, or portion thereof, that is based on unpaid ad valorem taxes for the relevant facility. These distributions shall be adjusted, with the respect to any facility, to reimburse the Department of Management Services, and any predecessor agency for the total amounts expended by the state in resisting the imposition of such ad valorem taxes claims, including all attorneys' fees and costs actually incurred by the state's agencies.

From the funds in Specific Appropriation 1331, the Parole Commission shall conduct a study and provide the following to the Governor's Office of Policy and Budget, the President of the Senate and the Speaker of the House of Representatives by October 1, 2008:

1. A valid determination of the exact number of pending Restoration of Civil Rights (RCR) cases existing on July 1, 2008, along with a full explanation of the methodology used to determine the pending number of cases. Data must include total cases received for each of the past five years, the total number of cases processed for each of the past five years, and the total number of cases received or pending but not processed for each of the past five years;
2. A continuation plan including measures that continue to simplify application forms and processes by using readily available data from existing automated systems;
3. Identification of all existing resources, workload, job descriptions, and internal business procedures for clemency activities. This information must be reported in a manner that allows for isolation of resources allocated to the RCR process. The information must also be sufficient to account for each step in the process to complete the review of RCR without a hearing; and
4. Proposed criteria, developed by case type, to use in defining and classifying case backlogs which shall be based upon a reasonable length of time for the normal processing of cases.

PROGRAM: WORKFORCE SERVICES

PROGRAM SUPPORT

It is the intent of the Legislature that the administration and delivery of workforce services and programs that are currently provided by agency employees working in One Stop Career Centers operated by the Regional Workforce Boards may be transferred from the Agency for Workforce Innovation to the Regional Workforce Boards. Such transfers shall only occur if the agency determines that the Regional Workforce Boards would more effectively and efficiently deliver services and if such transfers comply with applicable federal regulations. For all transfers made, the agency shall submit budget amendments pursuant to chapter 216, Florida Statutes, to move positions to the Executive Office of the Governor's reserve and realign the budget into the appropriate operating budget appropriation categories to implement the transfer of programs and service delivery to the Regional Workforce Boards.

From the funds in Specific Appropriations 2196 through 2239, the Agency for Workforce Innovation shall determine whether any funds provided for specific workforce programs, projects or initiatives are not an allowable use of federal funds. If the agency finds that any project or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the agency shall notify the Executive Office of the Governor, the chair of the Senate Fiscal Policy and Calendar Committee and the chairs of the House Policy and Budget Council and House Economic Expansion and Infrastructure Council.
